

WNMU Local History Papers are also known as the Dr. Dale Giese Collection. Dr. Dale Giese is a former Professor of History at Western New Mexico University (WNMU). For the history courses he taught at WNMU, the students wrote papers on a variety of topics. Some of these topics were on local or regional history. The Dr. Dale Giese Papers are a collection of these papers. This finding aid list all the papers including ones that are not of local or regional history. The papers are available at the Silver City Public Library, and are for reference use only. At this time, there are no index of these papers, and the only way to access them is via course and title.

Most of these papers are still in print format. If you need to access them, please ask library staff for assistance. Items highlighted in yellow are digitized and found in Local History Computer.
