

Silver City Public Library Image Collection

The bulk of this collection consists of images that are copies from collections at the Silver City Museum. For these collections (Harlan Collection, William Allen Collection, Silver City-Grant County Chamber of Commerce Collection, Historical Society Collection, and the Lillian Forsythe Collection), the Silver City Museum retains the copyright. Some of the images are copies from collections at the Miller Library at Western New Mexico University. The Miller Library retains the copyright for these images. There are a few photos that are unique to the library. Both the Silver City Museum and the Miller Library have more images than the copies found in this collection.

Most of the images have information on the back. That information is included in this finding aid. The sources for this information is unknown. Some of this information is from the original owners of the images. Some of this information was created by a former library/museum staff or volunteer.

This collection is nominally organized into three areas: people, places, and subjects. There is overlap across these areas. The collection is held in the library's treasure room. To access the collection, one must get library staff assistance.

Box 1

People

Abraham, Abraham (1 image)

- This picture was taken when the train depot was at north end of town. The man on right is Abraham (Abe) Abraham, proprietor of the Broadway Hotel. The others are unidentified.
Source: Harlan collection, courtesy of Miss Lillian Neff.
1.1.1

Ailman (4 images)

- Henry Ailman and Kenneth Adams. Great grandfather Henry (Harry) Ailman, age 94, and great grandson Kenneth Adams, age 2. Henry Ailman was born March 19, 1841. Kenneth Adams was born March 13, 1934.
1.2.1
- Henry B. Ailman.
Source: Courtesy of Mrs. Grace Whittaker, daughter of Henry B. Ailman.
1.2.2
- Theoria Ailman. Mrs. Henry B. Ailman, the former Theoria V. Smith, was the daughter of a minister in Georgetown.
Source: Courtesy of Mrs. Grace Whittaker, daughter of Henry B. Ailman.
1.2.3
- David Ailman (perhaps). One of the boys is probably Henry Ailman's oldest son, David.
1.2.4

Annie (1 image)

- Annie, a Yaqui Indian, at home near Silver City with her family (4 children). Annie peddled wood to residents of Silver City.
Source: Harlan Collection, courtesy of Mrs. Robert A. Barnes.
1.3.1

Antrim, William (1 image)

- William H. Antrim, stepfather of Billy the Kid.
Source: Harlan collection, from E. Cunningham of Glenwood, NM, courtesy of Clarence A. Lamb.
1.4.1

Bayne, Clarence (1 image)

- Clarence Bayne on the road from Hillsboro, NM.

Source: Harlan collection, courtesy Mrs. Robert Jackson, Sr.

1.24.1

Johnson, Harold (1 image)

- Reverend Harold Johnson.

Source: Lillian Forsyth collection, courtesy of Jean Hughes, 1990.

A Tribute to Harold Johnson. During my ministry of nearly thirty years I have had the occasion to preside at the burial of many people, good, bad, and indifferent, and because of the fact that these services occur so often on finds himself in a position of being able to be fairly objective and devoid of maudlin sentimentality. However, when the word came that Harold Johnson, without going into phrases of adulation? Here was a man of choice Christian faith in spite of difficulty, and faced life with a Christ like spirit, even though circumstances were difficult and life seemed to provide only sadness and burden. How does one explain such a life; a life that always went out of its way to be helpful to someone who needed help? How does one explain his complete calmness of soul though circumstances around might be racing? There is only one answer. Here is a man who not only believed in the Christian faith and who preached it openly and bravely, but one who in all sincerity attempted to the best of his ability to live out the gospel of Christ in his life. It was this faith that enabled him to be so calm. It was his faith that helped him to go on even when his physical body was tired. It was his faith that led him through the wilderness both physically and spiritually, and thus giving to people something of the glories of God in nature and in life. It was his faith that saw the possibilities of a camp where youth might come and work and worship in an environment that of itself spoke of God's wondrous handiwork in his world. And finally it was his faith that enabled him to stand firm even though he knew his end was approaching. And it is in this faith that we bid him farewell, giving thanks that it was our life, work and witness embodied the faith of one who was "Not very far from the kingdom of God". -J.C. Bloebaum

1.25.1

Jones, Roy (1 image)

- Roy Jones in the Overland (car), near Silver City, about 1912. Roy Jones is the son of F.P. Jones. The woman is unidentified.

Source: Harlan Collection, courtesy of Mrs. Robert Jackson, Sr.

1.26.1

Lambert, John (2 images)

- John Lambert was age 77 when this picture was taken about 1904. John Lambert had many adventures, prospecting and Indian fighting in much of the west, particularly Colorado, until he came to Georgetown, NM in

Silver City Public Library Image Collection

1875. He was with the first party which was organized in 1878 to explore and prospect the Mogollon Mountains and was successful in locating several of the prominent mines in the Cooney Mining District. He located the Silver Bar or Cooney Mine.

1.28.1

- Ben Lilly with mountain lion cub.

1.28.2

- Ben Lilly Postcard. Greetings from Blue, Arizona.

1.28.3

- Ben Lilly and one of his lion kittens, 1915-1916.

1.28.4

- A rare photo of Ben Lilly with his dogs and friends. The friends are unidentified. Ben Lilly established a reputation as the greatest lion hunter of them all.

1.28.5

- Ben Lilly and his dogs on the Sapillo Creek. The other persons are unidentified.

1.28.6

- Ben Lilly with mountain lion skin and lion cub.

Source: Harlan Collection.

1.28.7

- Ben Lilly on Christmas Day, 1931, aged 75. According to J. Frank Dobie, in *The Ben Lilly Legend*, Lilly was born in 1856 in Wilcox County, Alabama and died on December 17, 1936. He came to New Mexico from Old Mexico about 1911 and hunted for the Diamond A Ranch south of Animas, NM. His knowledge of bears and lions was tremendous and the number of animals he hunted down was reputed to be well into the hundreds. He had a great fondness and respect for his dogs and kept large packs to enable him to go directly from one hunt to another.

1.30.3

McDonald, Jerry (1 image)

- Jerry McDonald, 1894. This is Jerry McDonald, father of Bartley and Jonnie McDonald. The picture was taken in the late 1880s. The Tremont House is seen in the background is said to have been the finest hotel in Silver City at the time. Then, as now, the shedding cottonwoods were a harbinger of autumn in Silver City. Mr. McDonald is wearing the standard garb of the ranchman and cowboy of Grant County in that day. The cow pony is typical of the horses used on the ranches. The rifle was usually a 30-30 and the pistol a Frontier Model Colt .45. The slicker tied to the back of the saddle was usually yellow. The quirt was like those used by the cowboys for many years. The neckerchief was usually a red or blue bandanna.
Source: Courtesy of Mrs. Florence McDonald. 1967.

1.46.2
- In front of Grant County Courthouse, 1902. Left to right: Cipriano Baca (Luna County Sheriff), Clyde Smith (deputy), Mangus Kellum, unknown, John Gillette (assessor), Roy Bayne, unknown, Sam McInitoh (county clerk), Charles Lyons, and A.S. Goodell (Grant County Sheriff).
Source: Harlan Collection, courtesy of the Chamber of Commerce.
1.46.3
- Fat Men of Early Silver City. Seated from left: Samuel Carpenter (Grant County Commissioner), Malcolm Morehead (Grant County Clerk), Singleton (Sam) Ashenfelter (Lawyer). Standing: Harvey H. Whitehill (Grant County Sheriff). The four main accumulators of adipose substance, resident within the county of Grant, went to Grider’s Gallery [Louis Grider] last Monday and had their photographs told, in group form. There would be nothing in this circumstance entitling it to special comment, were it not that every lank, bony, self-complacent wit in town has felt himself called upon to suggest that Judge Hackney should have been a party to the affair. The aggregate weight of the group crowds nine hundred pounds, and we don’t believe the camera would have stood up under the Judge’s added ponderosity. *Grant County Herald*, November 17, 1877.
Source: Original courtesy of Mrs. Robert K. Bell (Olive Whitehill), 1966.
1.46.4
- Meredith & Ailman Bank. The image was taken after the tress on the street were cut down. The boy at the left is sitting on a stump. The man on the right is Colonel John Carter, next to him is Hartford M. Meredith, and the tall bearded man is Henry Ailman. On one corner, the balcony iron-work of the old Cosgrove building is showing. The image was taken after November 1883. At this time, C.G. Kidd bought out Rufus Higbee in the Cosgrove building; and next to Meredith & Ailman’s bank is the C.G. Kidd Store.
Source: Courtesy of Mrs. Hedwig Berger, 1965.
1.46.5
- In Mogollon, about 1910-1911, left to right: Ellis Crawford and his white mule, Maurice E. Coates of the firm Coates & Moore (general merchandise), Uncle William (Bill) Antrim (Billy the Kid’s step-father), and Billy Clark. Billy Clark was a clerk and deliveryman at the Mogollon Mercantile Company Store and was shot and killed in a hold-up.

Hudson Hot Springs/Faywood Hot Springs (41 images)

- Road to Faywood Hot Springs, around 1912. F.R. Jones in the car and Roy Jones is the driver.
Source: Harlan Collection, courtesy of Mrs. Robert Jackson.
2.16.1
- At Faywood Hot Springs. The driver is unidentified, the man with mustache is probably Ernest Pollock. In back seat are Mr. and Mrs. William (Billy) S. Cox. Note the small width, smooth tires, right-hand steering, and coverings over lights to protect them from mud and dust. Spring house on the hill to left.
Source: Harlan Collection, courtesy of Mrs. Fred Foster.
2.16.2
- Faywood Hot Springs, formerly Hudson Hot Springs, was a hotel and Resort, 25 miles southeast of Silver City. The man at the wheel and owner of the car is Mr. E. Craig, the father of Mrs. Wheaten-Smith. In front seat with Mrs. Craig is Colonel John W. Carter; father of Mrs. Robert Jackson, Sr. The man on the steps is T.C. McDermott, owner of Faywood. In the back seat, is very likely, Frank Townsend. The others are unidentified. This picture probably taken on November 11, 1909 as Mr. Craig, Colonel Carter and Frank Townsend were registered at the Faywood at that date. The resort was known as Hudson Hot Springs until the hotel burned on the night of March 25, 1891. The Hot Spring Sanatorium (Casa Consuela) was erected here in 1895 by A.R. Graham promoter and principal stockholder.

Silver City Public Library Image Collection

- The first copper mine at Santa Rita del Cobre was located in 1801 by Jose Manuel Carrasco, retired officer of the Spanish Army of Mexico. Not having the money to develop the mine, Carrasco is said to have sold his interest to Francisco Elguea, a wealthy merchant of Chihuahua, Mexico. Because of the great danger from Apaches, a large fort was built. It was triangular in shape, 200 feet to a side with round towers at each corner. The adobe walls were three to four feet thick with a single opening on the east side. The fort was probably manned by civilian militia.

2.24.25
- This is how the north pit looked on December 1, 1910. Steam shovels had been at work just two months prior. Before the Chino Copper Company was formed in 1909, copper had been mined at Santa Rita for about 100 years, but it was obtained from native copper found at the surface or by shaft mining, which followed rich veins of ore. The picture shows mining on the 6370 bench of the Romero Cut.

Silver City (oversize, 1 image)

- Silver City
 1. Milby cabin on the corner of Spring and Main Streets. In the spring of 1869, William Milby, John Bullard, and others came from Pinos Altos and filed preemption claims on 320 acres in a beautiful little valley called "La Cienega de San Vicente." They soon had land under cultivation, finding a ready market for their produce at Pinos Altos. The following year silver was discovered on the hill behind the present day courthouse. As soon as the news was out, men rushed to the "Cienega" mines from all over the territory. Tents, brush shelters, and cabins of log, rock and adobe dotted the valley which was soon given the elegant name of "Silver City."
 2. Carrasco Hacienda on the south end of Bullard Street. The Carrasco family, with others from Mexico, arrived in Silver City soon after news of the discovery of silver in the area. They soon located claims, erected arastras, (small adobe furnaces for smelting ore), and turned out the first silver bullion produced in the camp. In less than two years, Carrasco had treated some 300 tons of ore and produced about \$200,000 in bullion by these primitive methods.
 3. Martin Bremen residence and lumber yard on Bullard Street between Bremen Street and San Vicente Street. Form his sawmill north of Pinos Altos, Bremen supplied most of the lumber used in Silver City's early houses and mills.
 4. In 1871, Bremen built the first stamp mill in the camp, using parts of two old stamp mills from Pinos Altos for crushing ore and eight wooden barrels for amalgamation. From this small beginning, Bremen became one of the most prominent mining men in the territory.
 5. Antrim Cabin where Billy the Kid lived in 1873. Catharine Antrim, Billy's mother, died in 1874 and soon after that Billy got into trouble by stealing \$70.00 from a Chinaman in Georgetown. He was arrested and jailed in Silver City, but escaped by climbing up the chimney. Contrary to popular legend, he did not kill his first man in Silver City.
 6. Grant County Courthouse located on the east side of Hudson Street between Market and Yankee Streets was built to house Grant County officials after the county seat was transferred from Pinos Altos to Silver City in December 1871. To the rear was the adobe jail where Billy the Kid was incarcerated.
- 2.25.1

Silver City (45 images)

- Silver City about 1875 or 1876. Bullard Street is at left, Main Street on the right. On west (left) side of Bullard Street (northwest corner of Bullard and Spring Streets) is a one-story brick structure, the Centennial Saloon (with pitched roof – two windows facing). It was erected by David Abraham and completed in August 1875. On east (right) side of Main Street in the first block north of Broadway Street can be plainly seen a small cabin. This property (maybe not the cabin) was owned by William H. Antrim, Billy the Kid's stepfather. The Antrim's moved to Silver City in 1873. Mrs. Antrim, apparently suffering from tuberculosis, died here on September 16, 1874. From the September 19, 1874 issues of Mining Life – "The funeral occurred from the family residence on Main Street at 2 o'clock, on Thursday." At the foot of Main Street is seen the double cabin of William Milby. This was one of the first structures in the Cienega. His fenced-in property is described in Grant County's first deed book. One of the springs is described in Grant County's first deed book. One of the springs (covered) was at the northwest corner of his property, and the ditch (center of picture) can be clearly seen.

2.26.13

Silver City Public Library Image Collection

- This building was erected in 1877 by Colonel Joseph F. Bennett. It was on the southeast corner of Broadway and Hudson Streets. The upper story (the front of which was a Mansard- type roof) was used from the beginning, and for several years thereafter as the lodge rooms for Silver City Lodge #465 Ancient Free & Accepted Masons. The cornerstone for this Masonic Hall was laid with full Masonic ceremonies on the afternoon of March 24, 1877. The lower story was the Bennett drugstore and very likely Mr. G.S. Van Wagenen was associated with Colonel Bennett in this business. Colonel Bennett offered this building, along with other property, for sale March, 1880. The sign on the side of the building, at the end of the stairs, reads "Drugs and Medicines, [?], & glass, notions, etc."
Source: Courtesy of Clyde Ely, Sr. 1966.
2.26.14
- This bank building, southwest corner of Bullard and Broadway Streets, was erected in 1883 by Commodore P. Crawford. Crawford's bank failed before he moved into the new building. In 1886 Meredith, Ailman, and Brockman established the Silver City National Bank here. It is now the American National Bank.
2.26.15
- Main Street between 1883-1886. The railroad tracks crossing lower Main Street and a trestle and curving up Hudson past the old Exchange Hotel, the Timmer House [hotel] and the Southern Hotel. Streets shown left to right: Bullard, Main and Hudson Streets. At this time only the south ends of Main and Hudson streets have been washed to form an arroyo. Note new brick school building at extreme left, it was erected 1882. This picture was taken from Chihuahua Hill looking north.
2.26.16
- The Uhli Block on Broadway Street (now Rasco's) was built by Steve Uhli in 1897. The Cove Saloon (left) and Dan C. McMillen's Meat Market occupied the building in this image.
2.26.17

2.26.19
- Broadway looking west, in the far distance is the courthouse, erected in 1883.
Buildings on left:
 1. Double apartments, still standing (1975).
 2. The front with a Mansard roof was erected by Colonel Joseph F. Bennett in 1877. The upper story was used by the Masonic fraternity. The cornerstone for this building was laid by J.M. Wilson, W. M., representing the Grand Lodge of Missouri, on March 24, 1877. The building was located on the southeast corner of Hudson and Broadway Streets.
 3. The Timmer House, famed hostelry was built by Louis Timmer in 1883. Later acquired by Mrs. Orange S. Warren and name changed to San Vicente.Buildings on right:
 1. Southern Hotel, northeast corner of Hudson and Broadway Streets. Built by the Bennett Brothers [Cornelius and Joseph Bennett] in the 1870's and used by them as a general merchandise store. It later became a hotel. This was the third brick building in Silver City.

Silver City Public Library Image Collection

2. This building at least for a time housed the *Silver City Enterprise* office. The building just to its right has an "Enterprise" painted on its side; it either adjoined or was a part of this building. It was the one torn in half when Main Street flooded.
3. *Southwest Sentinel* building, corner of Main and Broadway Streets. It adjoined the back of what is now (1975) the Howell Drug building. In the background can be seen the towers of the Meredith and Ailman homes, and the peaked roof of the Methodist church. Note, Main Street shows little washing. No bridge as yet.

2.26.20

- Silver City, NM, taken from Boston Hill behind courthouse (erected 1883), looking northeast. The house with Mansard roof showing over the courthouse is the Henry S. Gillet home (southwest corner Market and Arizona Streets). In the center of the picture is the Catholic Church (with square white-topped tower, consecrated in 1876). The tree-story brick structure, left center, is the Academy of Our Lady of Loudres, erected between 1885 and 1889. The two storied brick building in the center over the Catholic Church was the first public school building in Silver City. It was erected in 1882. To the left of the school building with Mansard roof and showing back stairs is the Thomas F. Conway residence on Texas Street. Again to the left is the Presbyterian Church. It was dedicated on January 17, 1886. The home on 6th street behind the Academy was that of Colonel John W. Fleming (built by Edward Stines). Just over the roof of the Fleming home, at extreme left of the picture can be seen a train engine with several cars attached. Presumably the train is standing at the station which at this time was located near the present (1975) Med Square Clinic. The picture was taken sometime after 1887 (when Martin Maher house was built opposite Catholic Church) and before 1890 (when an addition was built on the public school).

2.27.4

Silver City Public Library Image Collection

- Broadway Street looking west with the courthouse in the distance. Silver City National Bank is on the left at the corner of Bullard and Broadway Streets. Note the street light.
2.27.5
- The Broadway Hotel, (left) now the site of the Town House, was an early center of social activities. In 1873 Richard Howlett erected a large building which served as saloon and meeting hall. It was enlarged in 1877 and the name changed to the Broadway Hotel, offering furnished and unfurnished rooms and meals. The 1879 session of district court was held in social hall. In 1883 the hotel rooms and a large upstairs parlor with a dining room, hall, and saloon below. An added attraction of the saloon was an aviary. The Palace Hotel (right) was established in 1900 by Max Schutz, and is now the Monterey Hotel.
2.27.6
- Broadway Street, between 1910 and 1915. Looking west from Bullard Street. Left is the Murray & Layne Grocery; right is the Palace Hotel which opened in 1900.

- Dragging main (or Bullard Street) around 1910.
2.28.12
- Bullard Street looking south from the middle of the block between Yankie and Market Streets. The signs on walls and awnings are as follows. The signs on the left are New York Cheap Store- Gents furnishing goods, J.J. Kelly- Manufacture of Harness & Saddles, Ernest L. Oakes- wallpapers & paints, and the Ware Bros. – Grains & Feeds. The signs on the right are E.B. Venable (awning, Venable was in business in 1904 in the Post Office Store), O.C. Hinman- House Furnishings- Agency Charter Oak Ranges. On the next block, southwest corner of Bullard and Yankie Streets, is mortar & pestle standard (sign) indicating a drug store; moving south, there is a watch & eyeglasses sign; and City Market of Jones & Downes. Ernest L. Oakes, in addition to selling wallpapers and paints, was a builder and he built the Methodist Church on Broadway Street in 1905. This picture was probably taken around 1904.
Source: Harlan Collection, courtesy of Bill Mullane.
2.28.13
- South Bullard Street looking north from slightly above Spring Street. The complex of buildings at left were built by Daniel Abraham in the early 1870's, and housed the Centennial Saloon. The sign reads "Pedigree Whiskey Con Nolan." Con Nolan operated various liquor establishments around Silver City at the turn of the century. The walk-bridge also dates from around Silver City at the turn of the century. The walk-bridge also dates from around that time. The right corner building by the walk bridge was built by Walcott in 1883.

2.28.25
- Bullard Street between Broadway and Spring Streets, 1877 or 1878. The building with Reynolds and Griggs sign was owned by Daniel Abraham. He erected it in 1871. It was Silver City's first brick building. Reynolds and Griggs leased the building from Abraham on February 3, 1877 and were jobbers and retailers of general merchandise. They dissolved their partnership on March 17, 1877. The long one-story building at left was also Daniel Abraham's property and it was the Centennial Saloon and Club House. It was completed in August 1875. Reynolds remained in this building until October 1878. Reynolds then bought the Ward Building on the northwest corner of Bullard and Broadway Streets. Reynolds later sold to Hartford Meredith and Henry Ailman. Copied from a stereopticon.

Silver City, Main Street, the Big Ditch (7 images)

- Main Street 1882. George W. Bailey's Drug Store also served as the post office from May 17, 1873 until around February 1883, with Bailey as postmaster. The New Cash Store was owned and operated by H.D. Gilbert. In this store was also located the Grant County bank, Newton Bradley, owner. People have been identified as follows: H.D. Gilbert, Mrs. Gilbert, Miss Mary Sullivan, Mrs. Lottie Thurmond, Jake House, Gordon Bradley, one or other of next two is thought to be Mike O'Brien (train robber), Dr. G.W. Bailey (in doorway), Judge Newcomb, Tom Cobb, Surveyor Ross, and the others are unidentified.
Source: Harlan Collection, courtesy of the Silver City – Grant Count Chamber of Commerce.
2.32.1
- The picture was taken between 1877 and 1880. The J.B. Phillips building, building #2, had the first floor leased to Max Schutz and the second floor leased to the *Grant County Herald*. The first building on left (single-story) was at southeast corner of Main and Broadway Streets and was a grocery and dwelling. Building #3 was the Derbyshire Building. Building #1 was the Porter two-story general mercantile. The adobe building on the northeast corner of Main and Spring Streets was occupied by William Milby as the Bedrock Saloon, and sold to George Bailey in 1871. The Mansard roof in background was on the southeast corner of Broadway and Hudson Streets.
2.32.2
- The photograph was taken after May 1877. The double store is on the southwest corner of Broadway and Main Streets. The business on the right side housed a drug business and was built in 1873. The Grant County Bank

Silver City Public Library Image Collection

which failed in 1883 was housed in the store space in the middle of the block. The brick store at the left was occupied by John B. Morrill until 1876.

2.38.1
- William Grudging’s Cabin, April 1908. His grave is a few feet from the log end of the cabin. He was killed by Tom Wood, October 8, 1893
2.38.2
- Grudging’s Grave. The inscription of the headstone reads: “William Grudging’s was laid and murdered by Tom Wood, Oct. 8, 1893 – Age 3 years, 8 months”. One story of the murder indicates that Tom Woods’ son was killed by the Grudging’s brothers and buried on Wood’s homestead on the Middle Fork. The father then waited in a willow thicket just below the killer’s cabin and shot at the pair as they rode up, killing William.

- Silver City National Bank on the southwest corner of Bullard and Broadway Streets, 1893. The Silver City National bank was established in 1886. There are two doorways at the west end (on Broadway Street) of the bank. One was no doubt the entrance to a stairway which leads to rooms and offices upstairs. The other could be that of the *Southwest Sentinel*, popular publishing company at this time. Other signs underneath the Sentinel read "News Depot," "Shoe Store – Boots and Shoes to Order," and a "specialty repairing service." The jeweler's

Silver City Public Library Image Collection

sign in the window on Bullard Street reads “Charles D. Sullivan, Jeweler Repairing Neatly Done, American and Mexican Jewelry Made to order.” The sign on the watch reads “Watch Repairing” as does the sign underneath the windows. The sign over the bank reads “Gideon D. Bantz – Charles C. Bell Law office.” The photograph is from Lote A. Skelly’s Photographic Service.

Churches, Convents, and Chapels (12 images)

- The Academy of Our Lady of Lourdes (Catholic Convent) was built in the late 1880s on Kelly Street between Bayard and Cooper Streets. It was later used as hospital for many years. The 6th Street School now stands on this site.

3.3.1

- The Academy of Our Lady of Lourdes (Catholic Convent) was erected in 1884 on the block bordered by Cooper, Kelly, and 6th Streets. This building later became the Ladies Hospital, which moved to this location from a site on Hudson Street around 1918. The building was eventually town down to make way for the Manville School building.

3.3.2

- Chapel at Georgetown, 1946.

3.3.3

- Presbyterian Church at Mogollon, about 1913. The Church was completed in 1912. At this time there were two church societies in Mogollon, the Roman Catholic and Presbyterian.

3.3.6

- Baptist Church on 6th Street in Silver City, between December 1901 and July 1907.

3.3.7

- Silver City Methodist Church located on Broadway Street. This church was dedicated on April 4, 1880. The pastor started the church building, but had to leave rather suddenly due to his wife’s death. This church served the congregation for 23 years. It was razed around 1903. On the same location in 1905 a second church was built facing south on Broadway Street and was kept in use until 1950. The church in the image faces east on Bayard Street.

3.3.8

- St. Vincent de Paul Church in Silver City. The construction on this Catholic Church was started under the leadership of Father O. Ruellan, who arrived in Silver City in March 1874. The gross work was completed by the beginning of 1876 and was consecrated as a place of God’s worship by Father Ruellan. In 1885 the sanctuary was

Silver City Public Library Image Collection

added and in 1907 the front of the church was renovated and the antiquated tower removed. Twin towers were erected at that time.

3.14.6
- San Vicente Hotel and Sanitorium. Soon after Silver City was founded, Samuel H. Eckles built a large ten-room frame house to serve as a store, boarding house, and hotel. Through the years, as it changed hands, additions

Silver City Public Library Image Collection

and improvements were added. It grew from the original Star Hotel on the corner of Spring and Hudson Streets, to the Exchange Hotel (1875), to the Timmer House (1883), a fine new three-story building of brick and stone fronting Broadway Street. There were 105 rooms including bar and billiard rooms, a sample room for drummers, a reading room, and a dining room decorated with life-size statuary. In 1901 Mrs. Elizabeth Warren acquired the property, which she renamed the San Vicente. Organized under medical supervision, it served as a sanitarium as well as a hotel. Within a few years the San Vicente was forced to close when floods rendered the hotel structurally unsound.

3.14.7

Hotels and Boarding Houses (10 images)

- Southern Hotel, being demolished. 1962.
Original courtesy of Silver City Daily Press (Bill Ely), 1966.
3.15.1
- In the early 1880s George Benton opened a boarding house (later known as the Benton House) on the corner of Broadway and Spring Streets. The restaurant was housed in the brick building to the left in the image. This corner, directly in the path of floodwaters, was extensively damaged in 1893, and a short time later became the Columbia House opened in the brick building shown at the rear of the Benton House. The Bullard Hotel now occupies this corner. (2 images)
3.15.2

Mining (1 image)

- The native copper, found in abundance, was worked by the crude mining methods available at that time. The ore was extracted with heavy iron picks and gathered into large rawhide bags. The laborers carried 150 to 200 pound loads of ore strapped over their shoulders, climbing to the surface by means of notched beams called “chicken ladders”. Water was bailed out in rawhide buckets with the top kept open by a bar of copper bent to form a ring and riveted to the hide. The ore was so pure that it had only to be melted in a small adobe furnace and cast in rough stone molds. The copper ingots were transported by mule train under military escort to Chihuahua and Mexico City, where it was used chiefly for coinage.

Mogollon Motor Car (2 images)

- Propose car of the Mogollon Motor Railway Company. The company was capitalized at \$1,000,000 – ample to construct the road from Silver City, the natural base of supplies, to Mogollon, a distance of eighty miles. This is a McKeen’s gasoline car, which is manufactured in Omaha, Nebraska. It is a combination passenger, mail, and express car, and is fifty-five feet in length. The car is equipped with an internal combustion six-cylinder engine of 200hp capacity, and has two speeds, two forward and two reverse speeds.

Source: Mogollon Mines, 1909, courtesy of the Miller Library, WNMU.

3.22.1

- This broad gage gasoline motor car was proposed by Honorable Thomas F. Cooney to provide rail transportation from the Cooney Mining District to Silver City, a distance of 100 miles. It would also serve Alma and Glenwood. This is the second such proposal, the other being in 1909 and the proposed company was to be known as the Mogollon Motor Railway Company. The estimated cost of the project would be \$774,000, with estimated net earnings for the first year of \$40,720. Neither of the proposals ever materialized and freight, parcel past, mail and passengers would continue to be carried back and forth between Silver City and Mogollon by freighter teams and stage.

- Native American dance on Broadway street in 1926. The Broadway Hotel is at the left. The Palace Hotel is on the right undergoing remodeling. The veranda upstairs has been removed, new windows put in, and stucco and tile is being applied to the bricks. The Broadway Hotel is soon to be torn down.

Source: Harlan Collection, courtesy of Joe Goforth.

3.23.2

- This picture appears in a story entitled “Honor to the Brave” in *True West Magazine* for February 1966. The picture has the heading – A Group of Tonto Apache Scouts – and was the property of the Arizona Department of Library and Archives. The setting for the story was in Arizona – north of Phoenix and nowhere in it is a direct reference to these scouts. Although Indian Scouts were used by troops stationed at Fort Bayard, it is doubtful if these were ever at Fort Bayard. (Later) A very old print and negative of this picture was found among Fort Bayard materials of the Silver City-Grant County Chamber of Commerce (February 6, 1966). The picture also appears in *Old West Magazine* for Winter 1967 in an article entitled “Apache Tears.” On February 24, 1968 Mr. Christian Barthelmoss from Montana visited the Silver City Museum. He had many pictures taken by his father, an army photographer; among them was this picture. The picture was labeled “Indian White Mountain Apache Scouts – Attached to the 6th Cavalry.” The elder Barthelmoss father was stationed at Fort Bayard from 1881 to about 1886.

3.33.7
- January 1906 excursion on the narrow gauge railroad from Silver City to Pinos Altos. The railroad was constructed by the Comanche Mining & Smelting Company to haul ore from Pinos Altos to their smelter at Silver City. Comanche had recently acquired the property of the old Silver City Reduction Works, which had burned down. Although in January 1906 the railroad had only been completed to within a short distance of the Langstroth ranch north of Silver City. Mr. Laughren, superintendent of the Comanche Company, invited about fifty prominent Silver Cityans to enjoy the ride. They were seated on benches attached to two flatcars. This picture was taken at the rock cut below Chloride Flat; O.C. Hinman was official photographer for the event.

Source: Harlan Collection, courtesy of Mrs. Robert Jackson Sr.
3.34.23
- Hill’s Ranch (now owned by “Doc” Campbell) on the Gila Hot Springs, located on the West Fork of the Gila River about 50 miles north of Silver City. James and Spencer Hill purchased the hot springs from John Perry in the 1880’s. The two built an adobe ranch house, ran a small herd of cattle and by 1883 had 25 acres under cultivation. Catering to visiting miners from Pinos Altos, Mogollon, and the Black Range meant keeping a good supply of groceries in their house. Among other improvements they made was a 16-mile road from Sapillo Creek, adobe bath houses each having its own deep pool dug out of solid rock and supplied with a constant flow of hot water for bathing. The waters were soon famous for health-restoring properties.
3.34.24

Ranching, Lyons- Campbell Ranch (9 images)

- Tom Lyons was the real developer of the Gila Hot Springs, using money imported from the East. His frequent trips to New York resulted in a continuing flow of capital to fulfill his dreams for the big ranch. The grandest dream of all was the famous Lyons Hunting Lodge set far back in the wilderness, a spot which is still not readily accessible. Pack horses carried in all materials for the building as well as the furnishing which graced the house, including a grand piano for his wife. Built in the shape of an E it was immense. The thick adobe walls provided insulation from heat and cold and the patio, situated on the north side, was cooled with winds from the Mogollon Mountains seen in the distance. Everything about the structure and site was perfect and Tom Lyons felt he had indeed made his dreams come true. The image is dated to 1905.
